GDF SUEZ

One of the leading energy suppliers in the world, GDF SUEZ is active across the entire energy value chain, in electricity and natural gas, upstream to downstream. The GDF SUEZ Group develops its businesses (energy, energy services and environment) around a responsible-growth model designed to take up the great challenges: responding to energy needs, fighting against climate change and maximizing the efficiency of resources. GDF SUEZ relies on diversified supply sources as well as flexible and highly efficient power generation in order to provide innovative energy solutions to individuals, cities and businesses.

The North American operations of GDF SUEZ are managed by IPR-GDF SUEZ North America, headquartered in Houston, Texas.
